Introduction

Welcome to Digeetaly IT Consulting Services Private Limited, where innovation meets efficiency.

BuzzNalyst ERP system is designed to revolutionize the way you manage your business operations. Let's embark on a journey of seamless integration and unparalleled productivity

The Challenge

- Running a business involves juggling multiple tasks across HR, CRM, Finance, POS, and more.

- Challenges arise with disparate systems, inefficiencies, and a lack of holistic insights. BuzzNalyst ERP is here to address these challenges head-on.

Our Solution

- At BuzzNalyst, we offer an all-in-one solution that seamlessly integrates HRMS, CRM, Finance, POS, MoM, Order Management, Project Management, Contract Management, and more.

- Experience the power of simplicity with our comprehensive ERP system.

Contract Management

Modules Overview

- **HRMS**
  - Efficiently manage your workforce with features like adding and managing jobs, candidates, interviews, offers, and employee profiles. Unlock the full potential of your human resources with **BuzNalyst**.

- **CRM**
  - Transform your customer relationships with powerful CRM tools. From lead creation to managing deals and contracts, our CRM module ensures that you're always one step ahead in understanding and serving your customers.

- **Finance**
  - Streamline your financial operations with **BuzNalyst**. Create and manage invoices, handle purchase and sales orders, track expenses and income, and generate comprehensive financial reports—all in one place.

- **POS**
  - Simplify your point-of-sale operations with **BuzNalyst**. Manage catalogs, stores, generate QR codes, seamlessly integrate payments, and experience instant invoice generation for a smooth and efficient sales process.

Modules Overview

- **MoM**
  - Keep your meetings organized and accessible with Minutes of Meeting features. Create, manage, and log meetings effortlessly, ensuring that important decisions and discussions are well-documented.

- **Order Management**
  - From order creation to delivery and returns, our Order Management module provides a robust solution to handle your entire order processing lifecycle. Track orders, manage delivery channels, and streamline your order processes with ease.

- **Project Management**
  - Efficiently plan, execute, and track your projects with **BuzNalyst**. Create and manage projects, allocate resources, handle costs, and generate detailed project reports—all within a centralized system.

- **Contract Management**
  - Handle contracts seamlessly with **BuzNalyst**. From creation to management and digital signature integration, our Contract Management module ensures that your contractual processes are smooth and secure.
